CONGRESSIONAL.

A Prohibition Fight in the Senate.

NO MORE SENATORIAL WHISKY

The Democrats in the House Begin a War Over the Proposed New Rules.

[*Special to the Herald by the Associated Press.*]

SENATE.

WASHINGTON, December 15.—In the Senate this morning Edmunds introduced a bill granting a pension to Mrs. Julia Grant, and another granting her the franking privileges. Edmunds said the bills were precisely in the form adopted in similar cases. The bills were then read three times and passed.

The Senate then took up the House bill to provide for the Presidential succession, and Hoar addressed the Senate on it.

On the conclusion of Hoar's remarks the Senate took up the bill to increase to $5000 the salary of United States District Judges. After some debate it was laid over until to-morrow.

Fry then called up the bill providing for a code of joint rules for the Senate and House of Representatives, and the Senate proceeded with its consideration.

Referring to the rule providing that no intoxicating liquors be sold in the Capitol, Fry said the majority of the committee believed the subject of that rule to be one that should be left to each House separately, and the committee had therefore recommended that rule to be stricken out.

Mr. Ingalls thought if it were intended to legislate on prohibition, the Senate, House and President would all be called upon to do their share. While he (Ingalls) might have his private opinion as to the propriety or impropriety of the use of alcoholic liquors in the Capitol, he thought the matter one of legislation rather than of action by the Senate in its individual capacity.

Mr. Riddleberger moved to strike out the words "for sale," so that the rule would exclude liquors, whether for sale or not. On this he called for the yeas and nays, but the call was not sustained.

On the committee's proposition to strike out the rule the yeas and nays were demanded and resulted: Yeas, 20; nays, 36.

Brown, in offering an amendment similar to the one that had been offered by Riddleberger, said he (Brown) did not suppose the Senate cared to go beyond the idea incorporated in the prohibition laws of the prohibition States. He thought a Senator should not be prohibited from taking a social glass with a friend in the Capitol.

Vest said he was opposed to the rule as setting up a system of espionage. Every one knew that if a Senator wanted liquor in his committee room he would have it, and he would visit the severest punishment in his power on any clerk who should "inform" on him. The whole thing was simply an attempt to meet the fanatical spirit in the country on this question, to which Vest would not give countenance.

Brown's amendment was lost. Yeas, 21; nays, 35.

An amendment by Morgan was agreed to confining the joint rules to so much of the Capitol as was under the control of the houses. This excludes from their operation so much of the Capitol as is controlled by the Supreme Court.

Cockrell offered an amendment to the effect that any Senator or member of Congress violating this rule should be liable to expulsion. It looked very small, he said, for Senators to be passing rules for the purpose of inflicting punishment on committee clerks for conniving at the use of whiskey in the capitol when it was notorious that distinguished Senators who voted to keep this rule kept intoxicating liquors in their committee rooms. Mr. Cockrell's amendment was disagreed to; yeas 20, nays 38.

The clause providing for the dismissal of clerks who should "connive" at the use of liquors was stricken out in order to make the rule harmonize with the sense of the Senate on Mr. Cockrell's amendment. With that clause out the 13th rule was then adopted by a *viva voce* vote.

On motion of Manderson the rules were laid over until to-morrow, and the Senate went into executive session and when the doors were reopened the Senate adjourned.

HOUSE.

Morrison, of Illinois, offered a concurrent resolution, providing for a holiday recess from December 22d to January 5th. Laid over one day under the rules.

Morrison then called up the report of the Committee on Rules, which was presented yesterday, and the proposed new code of rules was read at length. At Morrison's suggestion, the reading of the report itself was dispensed with and the general debate was opened by Morrison with a short explanation of the proposed revision. There was nothing new, he said, in his proposition. He had merely grouped such of the propositions as had been submitted to the House from time to time as were believed to be essential to the speedy organization of the House, to the proper distribution of its work, and to a more coservative and economical legislation. After touching briefly upon one or two of the minor changes proposed, he argued in support of a distribution of the labors of the Appropriation Committee,

Randall followed Morrison. Speaking at length he said that the tendency of the work of the Committee on Appropriations was to increase the public expenditures of the government. He instanced the River and Harbor bill which had been increased from an average of seven millions when in possession of the Appropriations Committee to an average annual expenditure of more than thirteen millions. Randall read from President Arthur's message, stating that a sufficient amount remained from the appropriations of the previous year to carry on all necessary works and yet Congress had actually passed a bill for eight millions.

O'Neill, of Pennsylvania, interrupted to say: "The people have not sustained President Arthur in that particular."

Randall replied: "He could point out where the people had defeated candidates who voted for the bill."

O'Neill said: "Such was not the case in Philadelphia. His Republican colleagues who had always voted for proper River and Harbor Appropriation bills had been re-elected to the House."

Randall suggested that he had always voted against the River and Harbor bill and he had been returned.

Hammond, of Georgia, argued against distributing the appropriation bills, and incidentally declared that every attempt made by the Democratic party to revise the tariff has been followed by a Democratic victory at the polls. "Morrison," he exclaimed, "was Chairman of the Ways and Means Committee when Tilden was elected President and Chairman of the Ways and Means Committee when Cleveland was elected President." [Laughter and applause.] The Democratic party had just come into the ascendancy and was on trial. He was afraid to try this experiment, when the Democratic party had been posing for years as a party of reform, as a party of economy."

"Posing is good," suggested a Republican member.

"Yes," replied Hammond, "I said posing, and the country has been looking at our posture and learning to admire us until it has driven you out of power." [Laughter and applause.]

Gibson, of West Virginia, favored a distribution of the appropriation bills and asserted that history had shown that nearly every scandal of modern times has been found in an appropriation bill. He did not believe in this pretension of honesty that some gentlemen set up. He had yet to discover that the gentleman from Pennsylvania (Randall) and the gentleman from Indiana (Holman) had ever objected to an appropriation for their own States."

Randall said: "The gentleman is mistaken, so far as I am concerned."

Gibson said he remembered that the gentleman from Pennsylvania came in on the last of the last session of Congress and passed through the House under a threat that not to do so would cause an extra session an appropriation bill which contained an appropriation for public buildings in Pennsylvania or Indiana.

Randall thought the gentleman's memory was defective. He had resisted every addition to the appropriations for public buildings on the Sundry Civil bill, and his vote in committee had been consistent with his public acts, as he remembered there was no appropriation in that bill for a public building in Pennsylvania.

Gibson contended that the Appropriation Committee had no business to hold back appropriation bills and stifle the voice of members of the House. "While the country was demanding a general bankruptcy bill and while the mercantile interests of the west had been demanding cheap transit nothing could be done because the Appropriations Committee had chosen to thrust itself on the House and prevent other members from doing a solitary thing. Why was it that the gentleman from Pennsylvania and the gentleman from Indiana were the only men who could be trusted with appropriation bills? Did their record show that they were more patriotic than other members of the House when these immense land grants were given to the railroads? When these thieving appropriations were made where was this great committee who protects the interests of the country? The gentleman said they had objected. Why were not their objections as potent then as now? They were potent now to stop legislation for free transportation but they had no power when confronted with the railroad steal."

Randall said: "I never voted a dollar nor an acre of land for any railroad."

Gibson said: "I did not ask how the gentleman voted. It is well known that while he had charge of these matters he controlled legislation."

Randall said: "Not in the least; but I am glad to say that the Democrats voted almost unanimously as I did."

Gibson said: "It is not a question as to how the gentleman voted or how he did not."

Randall said: "I thought it was."

Gibson said: "It is because the gentleman thrusts himself in here and makes himself a personal feature in this discussion that he is discussed. [Laughter.] We want to amend the rules for the public good and not to help or hurt the gentleman from Pennsylvania. There is not a member of this House but knows that millions of money and thousands of acres of public lands have been given to private corporations to enable them to lay a tax on the traffic of the country where one dollar has been expended in free navigation; the voice of the railroad is heard not only in the press but in these halls, and every attempt to secure free navigation is attacked and the committee making the attack is charged by innuendo with steals. I challenge the Appropriation Committee to compare their bills with the River and Harbor bills and see which have the most jobs in them."

Gibson then went on to argue in support of the distribution plan and criticised the Appropriation Committee's efforts in Congress and charged them with neglecting to build a navy and erect fortifications for the protection of the great cities of the country. He would vote to destroy so far as possible the arbitrary and tyrannical power of the Appropriation Committee.

Randall thought that in view of the remarks of the gentleman from West Virginia as to land grants and subsidies, it was proper for him to say that since the House had been under Democratic control there had not been an acre of land or a dollar of subsidy appropriated. As to his thrusting himself forward here, every member ought to know that he had done just the reverse. He did not deal in personalities in the House, and if anybody attempted to deal with him personally he ought not to do it here.

Mr. Morrison gave notice that he would endeavor to close the general debate to-morrow afternoon, and then the House adjourned.

Washington Notes.

WASHINGTON, December 15.—The following bills were introduced in the Senate to-day: By Harrison, for the admission of a portion of Dakota as a State.

By Vest, to incorporate the Atlantic and Pacific Ship Railway Company. This is Eads Ship Railway bill and provides for government aid to that enterprise.

By George, to pension soldiers of the Mexican war. It is the Mexican Pension bill passed by the House last session.

A joint resolution introduced by Senator Jackson to-day proposes an amendment to the Constitution of the United States, providing that the President and Vice-President shall hereafter be elected for a term of six years and that they shall be ineligible to re-election and that the Vice-President shall be ineligible to the office of President after he shall have filled the same in case of a vacancy therein.

Fast Type-Setters.

NEW YORK, December 15.—The type-setting contest between Joseph McCann, of the *Herald*, and W. C. Barnes, of the *World*, for the championship of the city and State, took place here to-day in the presence of a large number of printers. The purse contested for was $1000. The trial to last four hours, beginning at 11 o'clock. The type was minion, set without paragraphs. Barnes finished the first thousand ems in 29 minutes and 30 seconds, and McCann completed the first thousand two minutes later. At 3 o'clock time was called, and McCann had set 8062½ ems and Barnes 7951. Then each man was obliged to correct his own proofs. When the corrections had been made and the number of lines deducted which each man had lost through mistakes, it was found that McCann had 7662½ ems to his credit and Barnes 6376. McCann was declared the winner.

GOOD FOR BOSTON.

She Re-elects Hugh O'Brien a Democratic Mayor.

BOSTON, December 15.—The balloting today for Mayor of the city resulted in the re-election of Hugh O'Brien, Democrat, over J. M. Clark, the Republican, by a majority of 8,597 in a total vote of 44,757. O'Brien's majority is the largest ever given to a Mayoralty candidate in Boston.

B. Gratz Brown's Funeral.

ST. LOUIS, December 15.—The funeral of the late ex-Governor B. Gratz Brown took place this morning from his residence at Kirkwood, Immediate friends and relatives to the number of about two hundred were in attendance. There was no public demonstration, the family of the deceased preferring a simple funeral. The remains were interred at Oakhill cemetery, where the deceased had expressed a desire to be buried.

The Transcontinental Association.

SAN FRANCISCO, December 15.—The session of the Transcontinental Association this afternoon was of short duration. The committee of three appointed to draft a plan of reorganization reported progress, but requested further time for action. This was in consequence of difficulties encountered by demands made by the Atchison, Topeka & Santa Fe, which were, it is stated, greater than could be accorded. The question of admission of the California Southern road to membership in the Association also created considerable discussion. No conclusion was reached. Adjournment was taken till 2 P.M. to-morrow.

Pasteur on the Road to Fame.

PARIS, December 15.—The Chamber of Deputies will be requested by the Government to vote a sum to enable Dr. Pasteur to establish a spacious hospital to be used especially for the treatment by his method and the inoculation of persons who are bitten by mad dogs.

ASSASSINATION.

A Murderous Plot Discovered at San Francisco.

OUR RICH MEN IN DANGER.

The Socialists Going After the Scalps of the Wealthy in a Determined Manner.

[*Special to the Herald by the Associated Press.*]

SAN FRANCISCO, December 15.—One of the most sensational and startling plots for the wholesale assassination of the most prominent men of this city came to light here to-night. Some time ago the police obtained information of the existence of an organization called the "Socialistic Revolutionary Association," which, it was asserted, was composed of ultra-socialistic members. A close watch was kept on their movements, and the police finally succeeded in obtaining the minutes of one of their meetings held on November 23d. From these it was discovered that it was the intention of the association to put out of the way about twenty men including W. T. Coleman, Congressman W. W. Morrow, Gen. W. H. L. Barnes, Mayor Bartlett, United States Judge Lorenzo Sawyer, Leland Stanford, Chas. Crocker, Gov. Stoneman, the principal police officials and several others. These names were placed on the "proscriptive list" and placed with the executive committee to carry out the orders of the association. The committee were to devise the best mode of accomplishing the ends of the base plot and were thus engaged when their work was brought to a sudden termination to-night by the discovery of the association's headquarters at 900 Montgomery avenue by the police and the arrest of four men found therein, Julius C. Koosher, Henry Weiseman, Charles Mittelstadt and Oscar Eggers. In the room was also found a complete labratory for manufacturing infernal machines. The men were taken to the city prison, where they boldly asserted that they were dynamiters and that their purpose was to get rid of the citizens named and then raze Chinatown. The prisoners also belong to the German branch of the anti-Coolie League. No charge has yet been entered against the prisoners. Further developments are expected.

A California Prince.

SAN FRANCISCO, December 15.—Princess Colonna, nee Eva Mackay, daughter of John W. Mackay, of this city, gave birth to a son yesterday at Colonna Palace, near Naples. The announcement was made in a private cablegram to friends in this city.

Death of a Prince.

LISBON, December 15.—Prince Ferdinand of Saxe-Coburg, father of the King of Portugal, died to-day of facial cancer, which had been aggravated by a fall.

Bismarck Injured.

BERLIN, December 15.—Prince Bismarck was painfully injured to-day by the stumbling of his horse. The muscles of the Prince's legs were so severely strained as to interfere with his walking, and he is now confined to his residence.

A GENERAL REUNION.

The Mayor's Party to the Officials and Ex-officials.

His Honor Mayor Spence gave a dinner to the city officials, ex-officials, a few invited guests and members of the press last night at Brown's restaurant, on Main street. The table was magnificently ornamented with fruits and flowers, while creature comforts nestled beneath the beautiful ornamentations. The table was set for fifty-six persons and only three vacancies were seen, being the seats of Col. Walter S. Moore, James Velsir and ex-Mayor Toberman.

Following were the invited guests present:

D. E. Miles, L. W. French, L. N. Breed, E. W. Jones, J. Frankenfield, Cyrus Willard, Jack Kuhrts, S. M. Perry, Thos. Goss, G. L. Stearns, J. F. Holbrook, M. Santee, J. J. Bullis, H. Sinsabaugh, D. M. McGarry, Frank R. Day, W. T. Lambie, E. M. Hamilton, M. V. Biscaluiz, Albert Brown, J. M. Elliott, W. G. Cochran, R. D. Wade, Frank A. Gibson, E. T. Wright, F. H. Graham, Dr. J. Kurtz, C. N. Earl, J. S. Baker, John Horner, J. W. McKinley, F. P. Kelly, G. H. Pike, W. W. Robinson, Jas. C. Kays, P. M. Jenkins, George H. Bonebrake, J. A. Graves, E. Germain, L. Osborne, W. H. Perry, C. E. Thom, J. G. Nichols, George Knox, John Fischer, H. S. Parcels, H. C. Austin, D. M. Berry, Horace Bell, H. Z. Osborne, A. McFarland.

Promptly at 5 o'clock His Honor Mayor Spence took a seat at the head of the table, with Hon. J. G. Nichols, the first Mayor of Los Angeles after the United States occupation, on his left, and City Justice Austin on his right. At the other end of the table sat ex-President Miles of the Council, with President-elect Sinsabaugh on his right and Dr. Joseph Kurtz of the Board of Education on his left.

Mayor Spence at the proper time proposed the health of ex-Mayor Thom, who responded briefly, stating that he came here in 1854, when the population of the city was about 2500 souls, and had watched its wondrous growth with pleasure and pride, and knew this city only as his home. The sentiment was drank in claret, except by Sinsabaugh, who endorsed in coffee. All following sentiments, if not so marked, should be understood as "Sinsabaugh in coffee."

The Mayor, in a most felicitous manner, introduced Dr. J. Kurtz, a friend of school ma'ams, who responded happily and stated that he was a friend of school ma'ams and public schools; that his relations with the School Board had been most agreeable, and proposed the health of the Board in coffee for the new President of the Council and wine for the rest. F. A. Gibson, retiring member of the Board, responded, and champagne was taken in place of claret. Mr. Gibson expressed his pleasure from his experiences in the Board and was satisfied that the schools were now in good hands.

The health of ex-President Miles of the Council called out that gentleman who spoke briefly and cheerily in answer to the toast to himself but also in response to that given to the outgoing and incoming members of the Council.

The health of the new President was drunk in 55 glasses of champagne and one of coffee. Judge Nichols, the first Mayor, was toasted but declined to make a speech because he could not express himself.

The Mayor finding that he could not possibly get through in all night by calling on each individual present, took the city by wards. Mr. Hamilton responded happily for the First Ward, Jake Kuhrts for the Second Ward, E. W. Jones for the Third, Frankenfield for the Fifth, supplemented by Sinsabaugh.

The Press was ably responded to by Major Horace Bell and Mr. H. Z. Osborne of the *Evening Express*.

D. M. McGarry, a little out of time, responded for the Fourth Ward.

The healths of Assessor Fischer and Auditor Robinson were drunk with much enthusiasm and happily responded to by those gentlemen.

Road Overseer G. H. Pike, H. S. Parcels, City Tax Collector, and Professor Friesner, City Superintendent of Schools, and R. D. Wade, were also toasted. J. W. McKinley, City Attorney, and his Deputy, F. P. Kelly, were also remembered and responded to most felicitously. Dr. J. S. Baker responded to the "Health of the City." A representative of the HERALD, in response to a sentiment turned the tables on the Auditor and left him in blushing confusion. The event was one of the most delightful character and passed off pleasantly. But limited space prevents a full report of the speeches and sentiments there delivered.

The Grand Opera House.

The Thompson Opera Company at the Grand has certainly caught the music and fun loving part of the community in the Mikado. The house last night was a good one both in numbers and character, in spite of the fact that the revival draws some away, that a sparring match elsewhere drew off more or less of the gallery gods—the boys—and that a grand party at the house of one of the most distinguished citizens of Los Angeles embraced a very large percentage of the best opera goers in the city. In spite of these drawbacks to a good house, the Grand was full. A large number of people came in from San Gabriel and Pasadena to attend.

The Mikako is one of the big hits of the season. The music grows on one as it becomes more familiar. It is thoroughly catching. Yet there are many morceaux of genuine merit here and there through the score. The setting, costuming and vocalization of the company does full justice to the authors' conception. As for the dialogue, it is a string of the funniest nonsense put together in many a long day.

Ladies who appreciate such things should certainly see these gorgeous costumes. The rich fabrics gleam with birds and flowers almost life-size embroidered in gold and silver thread or carefully painted by hand.

"Three little maids from school:"

Miss Franc Hall, Miss Bebe Vining and Miss May Bronson make a very pretty picture. By their graces of person, acting, singing and brilliant costumes they carried a very coldly critical audience beyond themselves.

Mr. Phil Bronson was in fine voice and made secure his place in the hearts of Angeleños. Mr. Seaman was quite happy in his inimitable caricature of pride of birth.

Mr. McCollin is the king of comedy. In

Bother the flowers
That bloom in the spring,

The house shook with applause, and again and again the Misses Hall and Vining and Messrs. Seaman and McCollin were recalled to repeat the laughable nonsense set to a very catching air. When Mr. McCollin, in the love scene between him and Katisha (Miss Carrie Godfrey) essayed the real "legit" and took off Henry Irving in everything, even to his walk, the mercury in the house rose to fever heat and fun reigned supreme for the moment.

Miss Godfrey's voice is superb in its power and sweetness and her execution is excellent.

To-night is the last presentation of the Mikado and those who have not heard and seen it should not fail to go. Those who have been need no encouragement. The will hardly stay away. A crowded house is bespoken for this excellent performance. The Beggar Student is underlined for to-morrow. A review of it appears elsewhere in the HERALD.

Farewell! We breathe the word
In accents soft and low;
By memories sweet our hearts are stirred,
With faltering steps we go.

Our thoughts, unbidden, turn
To scenes we hold most dear;
And though our future looks so bright
We fain would linger here.

But we must onward move,
Our work is just begun;
And, oh! may God our work approve
When the school of Life is done.

Destroy That Sign.

One may feel that he is getting old, but he naturally dislikes that anything about his appearance should advise others of the fact. Yet nothing does this so effectually as thin and falling hair. No woman wants to marry a man and business firms hesitate to employ a man who shows this fatal sign. Parker's Hair Balsam is worth to you in this regard, more than its weight in diamonds. Use it and have plentiful and glossy hair. Many have had every trace of greyness removed and bald spots covered by using a single bottle.

You will never have a sour stomach if you drink Damiana Bitters.

EYE, EAR AND HEART.

OFFICE, 275 NORTH MAIN ST.,
(Opposite the Express office),
LOS ANGELES, CALIFORNIA.

All diseases of the respiratory organs treated by the Aerean system of practice, which is conceded by all educated people to be the only means by which these diseases can be cured.

Eighteen years practice and nearly seventy thousand cases treated.

CONSUMPTION.

The earlier symptoms of this disease are a sense of weariness upon little exertion, a disposition to remain passive and idle, a peculiar sensitiveness to the effects of cold and a shortness of breath upon moving quickly or ascending a hill or stairs, a slight hacking cough, with or without expectoration, flying pains throughout the chest or back, or under the shoulder blades. The symptoms are worse towards or during the night, slight fever in the afternoon, cold feet and hands, and in many cases blue lividity of the lips and roots of the finger nails.

The more advanced symptoms are wasting of flesh, diarrhoea, chills and fever, night sweats, expectorations of yellow pus from the ulcers or cavities in the lungs, with or without a depression of the chest, increasing weakness and at last a closing up of the air passages of the lungs, causing strangulation or suffocation of the patient for want of power to expectorate the mucous from the lungs.

Heretofore the treatment of consumption has been very unsatisfactory, alike to both the physicians and their patients, but luckily since the discovery of the Aerean system of practice a few years ago, thousands of cases have been completely cured, where had it not been for this system of practice, utter failure to combat the evils of the disease would have continued up to the present time. The system of Medicated Inhalations is the only means by which these diseases can be cured. And they are recommended by the highest authority, both in Europe and America. By this means we are enabled to dissolve the hardened mucous in the lungs, ease the cough, facilitate expectoration contract and heal ulcers and cavities after all hope of cure by the ordinary method is past. Persons desiring treatment by this system of practice can use the remedy at home as well as at our office, and which will cause no inconvenience or hindrance to business whatever. The greater portion of consumption cases can be radically cured. Consultation free and price within the reach of all. The very best of reference given from those already cured.

Those who desire to consult with me in regard to their cases had better call at the office for an examination, but if impossible to visit the office personally, may write for "List of questions" and circular, both of which will be sent free of charge. Addres,

Special Notice.

Hereafter notices of companies, societies, churches, etc., will only be inserted in the HERALD as paid advertisements. We reserve for places of worship a gratuitous directory, which will appear every Sunday morning.

The HERALD office is connected with the telephone system of Los Angeles city and county. Orders for advertisements or job work may be sent through this medium to number 156.

The HERALD is the official paper of the city of Los Angeles. The city delinquent tax lists and all other municipal notices appear only in its columns.

Mr. B. N. Rowe is the Santa Ana agent of the HERALD.

THE disappointment of Wall street at being unable to pluck the Vanderbilt boys is natural and unspeakable. To see two hundred millions of dollars disappear from their vision in such cruel fashion is aggravating beyond endurance.

THE great revival which is now going on in Los Angeles is unique in many respects. Night after night eager thousands throng the Tabernacle, and the cry is still they come. They come from all portions of Southern California. The revival gives every indication of lasting for months. The religious portion of Angeleños are of course pleased, while the ungodly and worldly like it because it fills our streets with people and stimulates business.

THE telegraph advised us the other day that the managers of the California Southern are about to build a "Union" depot there. Our neighbors seem to have some confusion as to the objects of a "union" depot. These conveniences are provided in order that trains arriving at a city by several different routes may meet at a common point in order that passengers and freights may be transhipped with the least possible delay. As but one train a day arrives at San Diego, and they all come from Colton, it is difficult for the average Californian to see what use a "Union" depot could be put to there. We are afraid that the love of sounding phrases which pervades San Diego as well as all other points in Southern California has possessed the man who prepares the dispatches from that city for the outside world. The real "Union" depot of Southern California will be located at Los Angeles.

THE question of taking from the Committee of Appropriations of the House of Representatives a portion of the powers which that body formerly possessed seems to have created more interest at Washington and in the press of the country than any subject of a purely non-partizan character which has been mooted for years. Mr. Randall contends, and with a great show of reason, that its practical results have been, as far as it has been tried, extravagance and increased expenditures. The River and Harbor and several other Committees have been allowed of late years to make up their own appropriations, and since the change their appropriations have been largely increased. Mr. Randall naturally does not desire to see the committee of which he is Chairman shorn of its most important functions, but in fighting a change in the rules he is undoubtedly influenced by high public motives. The final decision will be made by a vote in the House, and members will divide upon the question to a great extent according to personal preferences. Speaker Carlisle is opposed to making the change a party question.

THERE has been an extraordinary number of railway magnates in Southern California of late. In Los Angeles one runs across gentlemen who have big financial standing in New York, Boston and the other Eastern cities nearly every day. In connection with the rumor that the Atchison, Topeka & Santa Fe people are about to buy Jim Fair's South Pacific Coast railway, it looks very much as if a coast road to San Francisco might be one of the eventualities of the near future. The people of Ventura, Santa Barbara and of the other coast counties may well be of good heart, as either the Southern Pacific or some Eastern transcontinental railway is certain to give them a road at an early day. The Southern Pacific will surely build from Newhall north and from Soledad south, but the new road may move more promptly. The South Pacific Coast Company has a magnificent water front at Oakland, together with a splendid wharf and all other facilities and a road bed which reaches as far south as Santa Cruz. It was until lately under the control of the bonanza people, but was turned over to James G. Fair in settlement of his interest in the Nevada bank. No region of the American continent seems likely to be favored with so many railways as California. They were late in coming; but, in the end, our people have had the benefit of the scriptural aphorism that "the first shall be last and the last first." Many a State which had railways forty years ago have not half the mileage which California can already boast.

THERE is just now a very strong colonial movement towards Los Angeles. Considering the great success which has attended all these enterprises this is not surprising. There has been no exception to the uniform pleasant outcome which has characterized them all. Anaheim may be called the parent colony, and it is as hard to find a mortgage there as it is to find a huckleberry in mid-winter on an Eastern hillside. Riverside was the next great colonial enterprise, and the development of wealth there has been something out of the common. Everybody has made money and is satisfied. Pasadena follows next after Riverside, and it would be hard to find a more remunerative experiment on the face of the earth than is disclosed in this lovely valley. It is true that most of this wealth has resulted from the enhancement in the values of lands, but the man who has paid $50 for an acre of ground is not going to cut up rough because somebody is willing to pay him $10,000 for it. He would as lief make money one way as in another. It is sometimes sneeringly said that the people who come here from the East are made to pay high for climate. This is measurably true, and it is right that they should pay for a blessing so priceless. But they pay for more than the climate. They pay for the schools, churches and superior society which these Southern California colonial experiments guarantee them. It must be said that they seem quite willing to pay for them, and they are as much pleased with their bargains as a child with a new toy; and the longer they stay here the better they are satisfied. It must be borne in mind that in buying a poetical home in San Diego or San Bernardino counties the experience of the purchaser is very different from that of those who buy country residences in the East. There when a wealthy man buys a rural abode his friends indulge in gentle humor at his expense. They know that it means large outlays and absolutely no moneyed return. Here he has his elegant residence, surrounded by his own vine and fig tree, with an orange orchard in the perspective, and makes a large income withal. Small wonder that the Easterner warms up to such a prospect. The most notable circumstance about this Eastern settlement in Los Angeles and San Diego counties is that it impresses the observer so favorably that colonies are now all the rage. There are in Los Angeles to-day at least half a dozen men who are authorized to treat for large properties with the view of bringing well equipped colonies here. The opportunities for making such experiments are not as abundant as they were, and they cannot be had at such low figures. But for years to come there will be no difficulty in supplying new comers with what they want. Meanwhile Crescenta Cañada, Monte Vista, Monrovia, Lamanda, the Los Feliz Rancho, and a dozen other spots, to which must now be added the San Fernando valley, are filling up with settlers at a rapid rate.

Miss Tarble of Aurora followed with a song, accompanied by Miss Carrie Laux, of Chicago.

The following committees were then appointed for duty at the next meeting.

On introductions—Prof. Ira More, Mrs. Allis, Miss Pierpont, G. W. Knox and Miss Bluett.

On entertainment—Mr. Bluett, Mr. Kellaw, Mrs. Dawson, Miss White and Miss Woodruff.

The question of a mid-winter picnic at Pasadena or Lamanda Park was introduced by Fred L. Alles, and it was decided to hold one, and the following committee was appointed to perfect arrangements for that purpose and to report at the next meeting: Judge W. H. Magee, Fred L. Alles, W. H. Griffin, Mrs. Tarble and Miss J. A. Ackerman.

The meeting then adjourned to meet December 29th.

The meeting was a most pronounced success, there being about 250 persons present, and the utmost sociability was manifested.

The Death of General Robert Toombs.

THE GRANT MONUMENT FUND.

John W. Daniel Elected as Senator From Virginia—The National Guard in Session.

[*Special to the Herald by Associated Press.*]

WASHINGTON, Ga., December 15.—General Robert Toombs died here this evening at six o'clock. His funeral will take place Thursday.

Grant's Monument.

NEW YORK, December 15.—The *Herald* thinks that the Grant monument committee ought by this time to be convinced of the futility of its plan. The committee organized itself and asked at the instance of A. B. Cornell for $1,000,000. They have raised in four months a little over one hundred thousand dollars. Only a minority of the committee have subscribed. A half dozen of the principal managers who got up the committee and put five hundred names on the list ask for a greater degree of confidence in their discretion than the public, or even a majority of their associates, are willing to accord. A request for one million dollars to be contributed, for them to spend on any kind of monument they see fit, it is clear to anybody but themselves, the people at large pronounce unreasonable.

Daniel for Senator in Virginia.

RICHMOND, Va., December 15.—Both branches of the General Assembly met in separate session to-day and nominated John W. Daniel for United States Senator. The joint session takes place to-morrow.

The National Guard.

WASHINGTON, December 15.—The annual convention of the National Guard Association of the United States met here this afternoon. The Association consists of five delegates from the militia of each State. Eighteen States were represented at the meeting. President George W. Wingate, of New York, called the meeting to order. In his opening address he said that the objects of the association had been thwarted in part by objections that it was the intention to deprive the States of their authority over the militia, and then on the other hand that there was a desire to take the money of the Treasury of the general government for purely State organizations, without permitting a proper supervision by the War Department; but the greatest obstacle that they had to encounter was the apathy among the people, the militia and in Congress. In regard to the entire question which the association had at heart, he thought now that the situation was more favorable and that the bills before Congress would receive favorable consideration. Gen. Taylor, of Colorado, was elected Recording Secretary. Col. Charles E. Bridge, of New York, was elected Corresponding Secretary.

A Silver Meeting.

NEW YORK, December 15.—The *Sun's* Washington special says: "Over thirty members of the Senate and House about an equal number of each, have written to Henry Nichols, Chairman of the New York State Anti-Monopoly League, commending the objects of the meeting in favor of the continued coinage of silver, to be presided over by Edwards Pierrepont and addressed by Thomas Ewing, John Thompson and others, in New York Wednesday evening. Warner, of Ohio, has telegraphed that he intends to be present.

Tonquin Affairs.

PARIS, December 15.—General De Courcey, the commander of the French forces in Tonquin, telegraphed the War Office that General De Negrier had cleared the Marble Mountains, north of Mai Duong, of the black flags and pirates, capturing a number of fortified caverns and a large quantity of arms and ammunition. One cavern was desperately defended and fully one hundred pirates were killed before it could be taken.

A Fire.

TOMBSTONE, A. T., December 15.—The hoisting works of the Virginia Consolidated Mining Company, an extensive structure situated on Toughnut street, in the center of the camp, caught fire this morning and was burned to the ground. Owing to the fact that the wind was light and in the right direction the camp was saved from destruction. The cause of the fire is unknown. The lost is total. The building cost, with the machinery, $13,000, and was insured for $3000.

Plenty of Chinamen.

SAN FRANCISCO, December 15.—The *Call* this morning publishes an article based upon reliable information, showing that there are in round numbers two hundred and fifty-three thousand Chinamen in California. Figures are furnished showing the number belonging to each of the Chinese Six Companies. It has generally been supposed that the number in this State did not exceed 100,000. The large excess over this number creates considerable surprise.

Sentenced.

SAN FRANCISCO, December 15.—Geo. N. Webb, who perjured himself in order to obtain a writ of habeas corpus on behalf of Margaret Dix, who was confined in the Magdalen Asylum, and whom he wished released for improper purposes, was sentenced to-day to fourteen years in the State Prison at Folsom.

DAY DISPATCHES.

ATLANTA, Ga., December 15.—One of the most terrible railroad accidents ever known in Georgia occurred at midnight fifteen miles from this city, on the Georgia Pacific Railroad. The East Tennessee and Georgia Pacific roads use the same tracks to Austrell, and last night the Georgia Pacific mixed train, with a coach and one sleeper, stopped at a tank for water. The coach and sleeper were on a trestle thirty feet high. The East Tennessee passenger train, going at a speed of thirty miles an hour, struck the sleeper and went nearly half way through it. The wreck was terrible. The fireman sprang overboard and received but slight injuries. The engineer held to the throttle and was unhurt. The following persons on the Georgia Pacific train were killed: Bointin Peton, of Charlottaville, Va.; Nathan Hanley, of Anniston, Ala.; Jacob and Mary Banks, of Jonesboro, Ga.; B. Wright and wife and two children, of Jonesboro, a wealthy Texan, of Aberdeen, Texas, and others of East Point, Ga. The two children who are dead are unknown. The following were fatally injured: Mrs. Eliza Brown, residence unknown, who was in company with Pierce, and about ten others more or less seriously injured. The dead and wounded have been brought to Atlanta.

Railroad Taxes.

WASHINGTON, December 15.—In the United States Supreme Court yesterday the clerk of the court read a telegram received from the Treasurer and Auditor of San Mateo county stating that the principal of the State and county taxes, with five per cent for delinquency and ten per cent imposed for attorneys' fees and interest at the rate of two per cent per month on the tax had been paid. Final action on the case has been postponed until Thursday, when it will probably be dismissed. Judge Sanderson, the Southern Pacific Railroad's attorney, declares that he advised the payment of the tax in this case because it did not cover all the legal points on which he wished to go to the Supreme Court to test the tax law. The dismissal of this law will cause considerable delay in the decision as to the legality of the California tax law, as the San Mateo case was appealed as a test, on the decision of which the other cases were to depend.

ANOTHER CASE.

SAN FRANCISCO, December 15.—Attorney General Marshall has stated his intention to have the San Bernardino tax case immediately submitted to the United States Supreme Court if the San Mateo case is dismissed, as was stated it would be in a dispatch from Washington. He says the San Bernardino case raises all the issues, both Federal and State.

Death of B. J. Shay.

SAN FRANCISCO, December 15.—B. J. Shay, who was shot by J. C. Brown in the Nevada restaurant, on the 23d of October last, while taking dinner with Brown's wife, died this morning. A charge of murder was placed against Brown to-day on the prison register. Brown has been in prison since the shooting. Shay left a deposition, in which he relates the circumstances of the crime, stating that the cause was known only to the clergyman who attended him in his last moments.

A Suicide.

SAN FRANCISCO, December 15.—Frank Tubbs, son of Hiram Tubbs, the East Oakland millionaire, shot himself last night at Oakland at Tubbs' Hotel, of which his father was proprietor. The act was committed in a fit of temporary insanity, superinduced by brain fever. He was 27 years of age.

The Canadian Railway.

OTTAWA, Canada, December 15.—A report is current that the Canadian Pacific Railway Company is urging the British government to buy large quantities of Canadian Pacific Railway stock in order to secure control of a trans Atlantic route to the sea.

The Ohio Election.

COLUMBUS, O., December 15.—The Supreme Court this morning, on application of the Attorney-General, granted a peremptory writ of mandamus to compel Clerk Dalton, of Hamilton county, to make return of the election abstract. A special messenger was appointed by the court to serve the writ this evening.

A Fatal Accident.

OAKLAND, December 15.—J. M. Todd, a well known real estate man of Oakland, was killed this morning by being run over by one of the local trains at Adeline-street station.

President of Switzerland.

BERNE, December 15.—Adolf Deucher, at present Vice-President of Switzerland, has been elected President for the year 1885. He is a radical.

A Change.

ROME, December 15.—The Vatican has ordered that the seat of the bishop of the diocese of Grass Valley, California, be transferred to Sacramento.

FINANCE AND TRADE.

The New York Stock Market.

NEW YORK, December 15.—Government bonds, active and strong.

Stocks—The decline of the past few days received a decided check this morning. The bears were met by free buying. The excitement and extreme activity resulting was, however, confined to the first hour. Final prices were about the best of the day and ranged from 1 to 2 per cent. higher than the closing quotations of last evening. Among many rumors afloat was the statement that the Vanderbilts had come to an agreement to protect the prices of stock left by their father, and that to-day's buying was largely for their account.

Government bonds, 103½; four and a half per cents, 112⅝; four per cents 124; Central Pacific, 41¼; Denver and Rio Grande, 19; Missouri, Kansas and Texas, 27⅝; Northern Pacific, common, 27⅝; Northern Pacific, preferred, 58⅞; Chicago and Northwestern, 107¼; New York Central, 102⅝; Oregon Railway and Navigation, 107; Transcontinental, 31½; Oregon Improvement, 31; Pacific Mail Steamship, 64½; Panama Railway, 98; Texas and Pacific, 13½; Union Pacific, 54; United States Express, 60; Wells, Fargo & Co.'s Express, 117; Western Union Telegraph, 73⅞.

Cure For Piles.

Piles are often preceded by a sense of weight in the back, loins and lower part of the abdomen causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, flatulency, uneasiness of the stomach, etc. A moisture like perspiration, producing a very disagreeable itching, after getting warm is a very common attendant. Blind, bleeding and itching piles yield at once to the application of Dr. Bosanko's Pile Remedy, which acts directly upon the parts affected, absorbing the tumors, allaying the intense itching, and effecting a permanent cure. Price 50 cents. Address the Dr. Bosanko Medicine Co., Piqua, Ohio. Sold by C. F. Heinzeman, agent, Los Angeles.

A WONDERFUL REMEDY.

Magnetism the wonder of the age and mode of treatment is the acme of healing perfection. It penetrates the secret ambush of diseases and exterminates its root and branch forever. It removes the wretched symptoms of loathsome maladies and averts its dreaded effects. It removes more agony and silent suffering than tongue can tell. It is noted for curing the most hopeless cases of chronic diseases and acute pains that every known means have failed in, which can be substantiated by the evidence of thousands of persons who have been cured by Dr. MacLennan, of 31 North Main street, Los Angeles, where he is treating scores of patients daily.

The following testimonials have just been received, and are samples of hundreds we have and are constantly receiving:

To Whom it may Concern:

I most gladly testify to Dr. MacLennan's wonderful power for curing disease. For many years I have been a great sufferer from nervous and physical weakness, to such an extent that at times I was unable to walk alone without assistance and unable to find any permanent or satisfactory relief, until I called on Dr. MacLennan, a few weeks ago. To-day I am happy and feel myself comparatively a new being. I have met with many in his office who express the greatest joy at the benefit they receive. Trusting others will have the courage to do as I have done, to go where they can be cured, I remain,

MRS. LOIS H. WALKER,
Los Angeles, Cal.

Another one Rejoicing.

I have suffered the tortures of a thousand deaths with neuralgia, and unable to obtain relief, though I have tried dozens of remedies and physicians, but to my astonishment and delight Dr. MacLennan cured me instantly, in less time than it takes me to write this.

THOMAS McENTYE,
25 South Main Street, L. A.

NOTE—Dr. MacLennan's office is at 31 N. Main street, where he can be consulted free of charge. dec13

PILES! PILES! PILES!
A SURE CURE FOUND AT LAST!
NO ONE NEED SUFFER.

A sure cure for Blind, Bleeding, Itching and Ulcerated Piles has been discovered by Dr. Williams (an Indian Remedy), called Dr. Williams's Indian Pile Ointment. A single box has cured the worst chronic case of 25 or 30 years' standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments and electuaries do more harm than good. Williams's Indian Pile Ointment absorbs the tumors, allays the intense itching, (particularly at night after getting warm in bed), acts as a poultice, gives instant relief, and is prepared only for Piles, itching of the private parts; and for nothing else.

Read what the Hon. J. M. Coffinberry of Cleveland says about Dr. Williams's Indian Ointment: "I have used scores of Pile Cures, and it affords me pleasure to say that I have never found anything which gave such immediate and permanent relief as Dr. Williams's Indian Ointment." Church of Christ Meetings.

Apostle Alex. Hale Smith, a son of Prophet Joe Smith, deceased, the great founder of the Mormon Church in Nauvoo, Illinois, as a missionary from the Church of Jesus Christ is holding a series of meetings in this city in the interest of his church at the court room of Justice Ranney during the evenings of this week with the assistance of Elder J. R. Badham, who presides over the church of this city with the assistance of Priest F. P. Schnell. This church in this city now numbers 38 members, and it is the intention of Apostle Smith to secure the services of Elder D. S. Mills of Santa Ana as pastor when the church is fairly established.

Present.

You will find more gent's embroidered slippers and a greater variety at Lewis Bros.' than you will find in the whole town.

Miss Ethel Howe.

Miss Ethel Howe sang the air and variations, the "Carnival of Venice," arousing the greatest enthusiasm of the evening by her marvelous execution and the ease with which she dwelt, not merely in the region of high C's, but ascended to the altitude of F. Her notes in this register in their flageolet-like character are simply marvelous.—New York Herald.

Miss Howe will appear in the Kindergarten Benefit at the Congregational church, corner of Hill and Third streets, Saturday evening.

Present.

The greatest assortment of gent's embroidered slippers is to be found at Lewis Bros.' Shoe House.

THE TABERNACLE.

Dr. Munhall's Meetings Making Many Converts.

A great stress of news and business on the HERALD's columns has prevented giving the desired attention to the revival going forward at the Tabernacle under the leadership of Doctor Munhall. The meeting on Sunday afternoon was attended by a great congregation of males. The Doctor discoursed in very plain language on sins which cannot be spoken of openly. At the First Presbyterian church a large gathering of women exclusively was addressed by Christians of their own sex under the leadership of Mrs. Dorsey, wife of the Baptist pastor.

The Sunday night services at the Tabernacles was a great crush. There were 6000 persons present and the joys of heaven and despair of hell were depicted in graphic colors by Munhall's eloquent tongue.

Monday night and last night the house was well filled, and every sign of increasing interest was found. The subject under discussion on both these occasions was "Separation," or the duty of the people of God to come out from the world and keep themselves pure from the pollution of all its sins.

The services at the Trinity M. E. Church South for Bible reading in the afternoons are crowded and the capacity of the house is strained to hold the great numbers wishing to enjoy these services.

Doctor Munhall is making a deep impression on his audiences at each time of gathering. There are a great many becoming interested in religion, and the Secretary reports many hopefully converted to the leading of the new life imposed by Christianity on converts to the faith of the Cross.

A Great Southern Remedy.

Simmons Liver Regulator, purely vegetable, is universally used in the South to arouse the torpid liver to healthy action. It cures malaria, biliousness, dyspepsia, headache, constipation and piles. No nausea or griping. It is most effective in starting the secretions of the liver, causing the bile to act as a cathartic. Regulates the bowels and imparts vigor and health to the whole system.

Accurate Reporting.

A statement in the *Daily Times* of this city, copied into the *Evening Express* and into the country newspapers generally, has been circulating for the past few weeks, saying that the theological college" to be erected by Senator Maclay "would be located on Pocasset creek," has caused interminable trouble to many good people who had fondly supposed from what they read in the HERALD that the college would be located in San Fernando, although the *Times* first located the institution in West Los Angeles. Inquiries have become so frequent about this vexed question that the facts will have to be stated over again.

The last time the writer saw Pocasset creek it was a quiet stream in the State of Rhode Island, in full view of the ancient Brown University, standing up on the hill where Roger Williams preached his sturdy belief. The statement that the honored Senator was to locate his college on Pocasset creek was rather a novelty to him and his friends. His friends, especially, were surprised to think that he would found a school 3500 miles away, where none was needed and the population decreasing, instead of locating it in the growing valley of San Fernando, where health and beauty are all abroad and people are flocking in to found new social and intellectual centers. Those who wish to be assured of the location of the college can take the train to San Fernando, and opposite the ticket office of the railway company, and leading northeasterly, at right angles with the railroad, he will find Maclay avenue, four miles in length, on the east side of which, about forty or fifty rods from the depot, between Maclay and Macneil avenues, near the bluff of the Pacoyma, on a beautiful plain the campus of the college spreads out in verdant beauty. Good bye, Pocasset, a fond and long good bye! Nothing like accurate reporting.

"Fools Rush in Where Angels Fear to Tread."

So impetuous youth is often given to folly and indiscretions; and as a result, nervous, mental and organic debility follow, memory is impaired, self-confidence is lacking, at night bad dreams occur, premature old age seems setting in, ruin is in the track. In confidence, you can and should write to Dr. R. V. Pierce, of Buffalo, N. Y., the author of a treatise for the benefit of that class of patients, and describe your symptoms and sufferings. He can cure you at your home, and will send you full particulars by mail.

The Savannas Below the City.

A beautiful drive through a body of rich farming land is afforded by a trip down Main street to the south city line, thence deflecting a little eastward along the telephone road the highway leads through fields of barley, wheat and alfalfa for about twenty miles down to the German colony and the princely estate of the late General Phineas Banning, near the bay of Wilmington. Should the visitor become hungry or athirst on the way, a halt might be made at the strawberry field of Mr. D. W. Rowland, near Compton, where strawberries four and a half inches in circumference will refresh the hungry and regale the thirsty, while the fields of plover and the ponds sprinkled with wild ducks will give sport and food at the same time. A trip like this through this grain and dairy region in the vernal winter season gives cheering hopes of comfort and plenty in the early summer time. In the lush grass the cattle seem content and peaceful and all the air is filled with happiness, and fragrant with the odors of spring although the calendar registers a mid-December. These plains, only a few years ago so lonely and desolate, with squirrels and coyotes as their visitors, are now being dotted all over with pleasant homes and small, well cultivated farms which draw deep draughts of strength and health from the opulent bosom of nature. Artesian wells furnish pure clear water and small farms well tilled, with fruit and vegetables, furnish pleasant occupation and a comfortable income. These great plains will soon be the most densely populated portions of Los Angeles county.

Scene in a Police Court.

"Did he strike you with impunity?" asked a police justice of a man who complained that he had been assaulted. "No wid a fire shovel!" was the reply. "Then," said the justice, "apply St. Jacobs Oil." The complainant did so and was satisfied. It healed his bruises as quick as it cures rheumatism.

Building Boom at Pasadena.

While Los Angeles is having a first-class building and business boom, Pasadena is keeping pace in the way of substantial and ornamental improvements that would reflect credit on San Francisco or Kansas City. The latest in the way of fine improvements in that charming suburb is the new Ward Brothers' block on Fair Oaks avenue, which will be a magnificent structure, with iron and plate-glass front in the first story, with an ornate front in the second story of pressed brick and terra cotta finish. This popular and energetic firm has been very successful in the handling of real estate and in the development of their lands, and are determined now to take the lead in the construction of a magnificent business block, of which every resident of Pasadena should feel proud.

Miss Lydia Bell.

The *Democratic Leader* of Cheyenne says: "Her renditions of the pathetic are singularly unaffected and her essays in the field of humor are exquisite in the finish and perfectly natural manner in which she sweeps the chords of delicate humor, cutting sarcasm, broader fun and scintillating wit." Hear her in the Kindergarten Benefit at the Congregational Church next Saturday evening.

Present.

We are selling gent's fine embroidered slippers at prices from 75c. to $4. Lewis Bros.' Shoe House.

"Played for Suckers."

There has been a very "slick customer" around the city for the past few days palming himself off as of the U. S. Secret Service Bureau. He pretended to be looking for "a man wanted" and called upon the police officers to aid him saying the Chief had told him to "command any officer whose services he needed." Some of the boys thought it all right, an finally a one-legged man who has been about town for a while past was arrested and lodged in jail, booked as "a witness." The fellow had a check on the Los Angeles National Bank for $150, which he gave to a friend to cash, he having advanced something like $20 on the strength of the check. When presented for payment, the cashier did not quite like the looks of the thing and inquiries were set afoot, but the Secret Service Agent then became very secret in his movements and "folded his tent like the Arabs and silently stole away." He gives the name of Frank Argel, and presents an appearance arguing no great amount of prosperity. If he is in the Federal service he is much disguised in dress as compared with the dapper outside usually presented by Uncle Sam's favored sons.

Inaction Fraught With Danger.

Inaction of the kidneys and bladder is fraught with danger. Renal diseases of the most stubborn and fatal character have this initial symptom. To disregard it is to invite them. Hostetter's Stomach Bitters have the special quality of stimulating urinary secretion and discharge to a degree consonant with health and no further. It is not an excitant of the organs, like the unmedicated *stimuli* of commerce. It simply arouses them when their activity and vitality are impaired. This stimulating and tonic action of the Bitters likewise exerts upon the bowels, the liver and stomach. It averts renal disease, cures dyspepsia, prevents and remedies fever and ague, and removes biliousness and constipation. No finer tonic exists, and to persons with a tendency to gout, it strongly recommends itself, as it is a fine depurent of the blood.

Judic.

The "Queen of Comedy" ought to be sure of a rousing welcome in Los Angeles, which is nothing if not cosmopolitan, and which boasts a large French colony. The finest singing comedienne of a nation which is especially prolific of comedians, Mme. Judic is too well known to need an introduction. The choicest and most enthusiastic adjectives of the critics have been lavished on her art ever since she came to America. She is said to be an irresistibly charming woman as well as a great actress, and her pictures represent an exceedingly beautiful face. Her season here is not long. For this reason it has been decided to have a season-ticket sale, and Messrs. McLain & Lehman report that the subscription tickets are being rapidly subscribed for. We advise our readers who are desirous of attending to go and select their seats at once. The operas selected are "La Perichole" and "La Grande Duchesse." The season is certain to be a fashionable one.

Aguirre's Capture.

A telegram was received at the Sheriff's office last Saturday from Constable Russell of San Diego, asking the arrest of one Pancho Montaño. Monday morning the telegram was given to Deputy Sheriff Martin G. Aguirre, who "dug up" his man in a very few hours. Yesterday Deputy Sheriff Jose Cota came up from San Diego to get his man, who was safely lodged in jail. Mr. Cota will take the captive home to-day. When Aguirre gets the scent of blood he is mighty quick to run the game to ground and as quick to "dig him up" and bring him in.

Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Local News Notes.

Frank Phillips leaves here to-morrow with an excursion party for the East.

The Supervisors examined the plans for the jail of Mr. R. B. Young yesterday.

Supervisors Foord and Lindley are ill and not able to attend the meetings of the Board.

The travel by rail on regular passenger trains into this city has increased very rapidly of late.

El Monte is reported infested with a gang of tramps, who are making that quiet, rural village howl like Rome of old.

The transfers of real estate on Monday amounted to $68,700, mainly of lands outside the city for immediate improvement.

The L. A. & S. G. V. R. R. have cut through and laid their track across the East Los Angeles bridge. On Sunday the change was observed.

In the big rush to the Mikado show on Monday night the crowd of boys heading for the gallery broke in the folding doors in the vestibule.

Mr. Jacob Ivins has men at work finishing up the wall of granite he has built around his elegant lots on that sightly corner of Charity and Second streets.

A great Chinese merchant, or perhaps Mandarin, came down by the train yesterday. A large number of Celestials met His Royal Highness at the depot.

The L. O. L. Society will give a public entertainment this evening in honor of the graduating class. Exercises are to be held in Normal Hall, and begin at 7:30 P. M. sharp.

A big gang of men are excavating for the engine house of the Temple street cable line out near the school house, and between Figueroa and Temple streets. The cable cars will be running on Temple street ere the swallows nest again.

It was André Christol, a foster brother of Marc, who attempted suicide in Chicago a few days ago. Although his throat was cut from ear to ear, he still lives. Marc says the family die hard, and André acquired the same habit from having lived with them.

Marc Christol and a gang went down to the depot yesterday, expecting to see Mike Cleary, the great light-weight pugilist on his way east. Mike went via Mojave and Marc is "left." There was great regret expressed by the gang.

Doctor. E. Cohn, of the Hamman Baths, received a dispatch yesterday informing him of the accidental killing of his brother-in-law, J. M. Todd, of Oakland, and in company with his wife left on the noon train yesterday. He expects to be back Monday or Tuesday.

It will be remembered that some days ago the room of Mrs. Tinker, railroad agent at El Monte, was robbed. The next night the robbers again entered the lady's room, and finding no loot they watched until she returned to her room when they broke into the station, but fortunately with the same results.

Sunday night last the passenger train by the C. S. R. R. was several hours late, owing partly to a delay on the A. & P. R. R. east of Waterman, and partly to the engine on the C. S. train, which gave out in the Cajon Pass, and could hardly crawl into this city in her disabled condition.

The break beams of a train passing El Monte a night or two since were perched upon by a big gang of tramps intent on beating their way to this city. It is surprising how adroitly and with what dispatch these gentry will dive under a train and possess themselves of the beams. Verily practice makes perfect.

G. W. Durbrow, President of the new Liverpool Saltworks at Salton, passed through this city yesterday on his way to the works, where he intends to erect a warehouse for the protection of the product of their mill and mine. During the late storm the company lost a thousand tons of salt ready for shipment.

On Tuesday noon a railroad employé from Mojave was brought into the city by the train who had been hurt severely by falling over a coal bunker at that place. The injury was in the lower part of the abdomen, and there was a good deal of hemorrhage. He was taken to the county hospital, and is reported progressing favorably.

On Monday morning the freight train by the C. S. R. R. broke in two on a down grade between Pomona and Spadra, and then coming together again a car was thrown off the track. An employé in the car was hurled against the stove and badly burned about the face. He was brought to this city and taken to the county hospital, where he is doing well.

Mr. E. C. Niedt, the chemical manufacturer, desires to state that by some indirection or case of forgetfulness, his property was placed in the delinquent tax list, although he had a receipt for payment in full. Mr. N. apparently forgot to see the publisher before the list was put in type. Hence the omission to take the property out of the list.

Rumor again has it that Los Angeles is to have a hotel commensurate with the business of a city such as this has grown to be. This time it is Chicago men who are to do it. So mote it be. But thus far the strangers within our gates have not gone very largely into such enterprises. Their money is mostly used in speculation in corner lots or put into residence property.

A serious runaway occurred on Monday afternoon. A horse attached to a buckboard ran away on Fort street, came down First, and in the crowd at the postoffice collided with the buggy of Dr. Hastings, which was badly demoralized. The buckboard was overturned, and in this handicapped condition the horse was stopped.

On Monday a horse belonging to the steam laundry company on Chavez street, and hitched to one of their wagons, became frightened at the snorting of an engine at the new depot, and dashing wildly down between the tracks in front of the hotel, caught the wheels of a St. Charles Hotel hack and upset that vehicle in the twinkling of an eye. Fortunately the horse was stopped without doing further injury. The hack was wrecked.

Mr. James Stewart, of Downey City, yesterday exhibited at the HERALD office a sample of white Smyrna figs and another of the brown Ischia fig dried and preserved by a process of his own. The fruit presented a fine appearance and was pleasant to the taste, but lacked the sweetness which inheres in the long bronzed fig of Smyrna, which is considered the richest fruit in the world but very difficult to manage in the curing on account of the uneven ripening of the fruit. Mr. Stewart finds a ready and profitable market for all his fruit and believes that a great income can be produced for the country by raising this luscious fruit, which grows in rich profusion in the deep mellow soil of all the Los Nietos region. A profit of $250 per acre is easily made in raising and curing this fruit, but a large profit can be made by raising them for food for hogs that will gather the fruit as it falls from the tree.

Frank got off the train coming round the curve at San Fernando street, because he was in a hurry to get to the store. The young lady came on to the platform before alighting with that grace and dignity always requiring leisurely movements.

Dr. Cohn, of the Hammam baths, received a telegram yesterday from his little nephew saying, "Come at once. Papa is killed by a train." The deceased is a brother-in-law of Dr. Cohn, and he and his wife went north yesterday on receipt of this sad intelligence. The accident was no doubt done by a passing "local" on Seventh street, Oakland, in which city the family lived.

Mr. Wm. McCrory, of Minneapolis, is in the city on a tour of inspection. This gentleman is President of the Minneapolis, Lyndale & Minnetonka Railroad, of the Minneapolis, Minnehaha and Fort Snelling Railroad, and of the St. Anthony Railroad. Mr. McCrory is more than likely to drive down a stake in Los Angeles and remove his lares and penates from the Hiperborean Vigors of the "North Star" State to sun-kissed Southern California.

American Dyspeptics.

Americans, more than any other nation in the world, are victims of Stomach derangements. This is owing to the hurried manner in which they eat their meals and to the amount and quality of food eaten, rich food being cheaper here than in any other country of the world. There are very few Americans whose stomachs are in a perfectly healthy condition. Most remedies for derangement of the stomach are offered in the form of bitters, tonics, etc., which merely stimulate the stomach and afford a temporary relief. De Haven's Dyspepsia Cure is a remedy that supplies what is wanting in the digestive juices of a deranged stomach, and is the only remedy offered to the public that cures all forms of dyspepsia, indigestion and flatulency. For sale at Littleboy's drug store.

Fell and Broke His Neck.

Between 10 and 11 o'clock yesterday an old man named John Johnson Joyce, who was driving a team for York, the contractor, came up to the corner of First and Alameda streets, where some excavations are making, and in reaching over to secure his lines while the load was being put on, he slipped in some way and fell under the hind feet of the horses. One of the men doing the loading caught him to pull him out. But the horses became frightened and plunged badly, trampling on the man about the head and chest. His neck was broken when he was finally taken out.

An inquest was held at the undertaking establishment of Garrett & Neitzke yesterday evening and a verdict of accidental death rendered in accordance with these facts. Joyce was 60 years old, a native of Schenectady, N. Y. He was a brother to Mrs. Harriet Monroe and of Mrs. Margaret Ann Jones of this city. He had been working some time for J. V. York at $14 per month. About $7 wages were due him.

The California Coffee House, 39 N. Main street, is proving a grand success and is liberally patronized by many of the best people in the city. The universal verdict of connoisseurs is that Ike Greenbaum has struck the keynote of fine coffee and lunches. The California is kept open day and night, affording an elegant cup of coffee and lunch after the opera. The lunches for business men at noon, or after a hard day's work, are superb, and are becoming all the rage.

Holiday Goods

MORE THAN WE CAN POSSIBLY SELL, NO MATTER HOW BRISK TRADE IS WITH US.

Our buyers must have been under the weather when they bought this stock, because it is an impossibility to sell it at retail. We have laid it all out in lots and will job it to the trade of Los Angeles and surrounding towns at what it cost us to import, with freight added, for cash, giving you an advantage over all persons in trade in your lines who bought elsewhere, as none can buy as cheap as the

"PEOPLE'S STORE."

This is no advertising medium. We do not do this for the sake of effect. We have $4000 worth of goods that we prefer to sell to packing up, and will make the price to you at figures that will enable you to undersell us. We ask all, irrespective of any feeling towards us from business motives, to improve this opportunity as it is a golden one and means big money in your pockets. Auction Sale

NEAR PASADENA

On Tuesday, January 5th, 1885,

AT 10 O'CLOCK A. M., BY ORDER OF

RUSSELL, CURTIS & SWEETSER,

REAL ESTATE AGENTS, 43 1-2 SOUTH SPRING ST.,

ON THE LINE OF THE L. A. AND S. G. V. R. R.,

With location elevated, and unsurpassed for beauty, health and convenience to Los Angeles. A suburban tract called the

VAWTER TRACT

TITLE PERFECT. Abstract at the office.

TERMS OF SALE—One-third Cash, balance in one and two years, at 10 per cent. interest.

Sale to take place on the grounds.

THE VAWTER TRACT has been divided into large, beautiful resident villa lots. Each lot contains about eight ordinary city lots, and the tract is laid out with streets 50 feet wide and alleys. A perpetual water right goes with each lot, giving the purchaser an abundant supply of of the purest mountain water delivered in front of each lot in four-inch pipes. Many of these lots are covered with orange and lemon trees, grape vines, peach and apple trees, just coming into bearing. The soil is a rich, light sandy loam. This tract is a part of Pasadena, being one of the original allotments of the San Gabriel Orange Grove Association lands; otherwise known as the Indiana Colony. It is that part of Pasadena lying nearest to the city of Los Angeles. The snow-capped mountains of the Sierra Madre range in the distance, the green hills dotted with orange groves in the foreground, and pure mountain water, and the bracing air from the mountains, offer unusual natural attractions, which, in connection with the close proximity to the Sierra Madre College, churches and schools, and last, but not least, a view of the great Raymond Hotel, now in process of erection, one mile and a half to the east, make this location one of the most attractive spots in Southern California for a home.

Parties desiring to visit this tract before the day of sale, can leave Los Angeles on the 8:45 morning train, get out at Lincoln Park station, and have 40 minutes in which to look over the ground before taking the returning train. The Vawter Tract is 400 feet east of Lincoln Park station. Daily trains on the L. A. and S. G. V. R. R.:
